Dear Patients

We have come to the day that we have been anticipating for several months. After twelve years of caring for our wonderful patients, the doors to the Atlanta Healing Center building have closed. It is with sincerest appreciation for your dedicated help in making this practice successful in the individualized and science-based manner in which we provided care to those in need. To those patients who will need to seek continuing care by another doctor, we hope you find someone that will honor your presence as much as we have over the years. It is possible that some of those providers may want to get the medical records of your treatment here at AHC. Therefore, it is important that you note and retain for future use the information below as to how your doctor(s) will be able to obtain the records that can be released. There are several ways for those records to be sent to your doctor:

- Online: MorganRecordsManagement.com → Patient Records Requests → Request My Medical Records
- Email: Medical@MorganRM.Com
- (Call) 833-888-0061

There will be a nominal processing fee for any request for records. We will seek to add information or a link to this information on our website for so long as it continues to exist. We will miss seeing you and hearing your stories of everyday life. I want to wish you the very best in your continuing recovery and pray that your future will be wise in “knowing the difference”.
